India's largest refiner IOC setting up Singapore oil unit

India's largest refiner Indian Oil Corp is setting up an office in Singapore that will handle crude oil purchases and the sales of oil products from its refineries later this year. The state-run company is part of a growing group of refiners in Asia that have set up offices in Singapore's oil hub to keep closer tabs on the market and react more quickly to changes. **For full [article](#)**

India gives Iran \$11 Billion on Farzad-B gas field

An Indian consortium is willing to spend as much as \$11 billion to develop a giant Iranian natural gas field and build the infrastructure to export the fuel as long as the Persian Gulf nation guarantees a reasonable return on the project, according to the company leading the group. ONGC Videsh Ltd. has offered to invest as much as \$6 billion on the Farzad-B field and spend the remaining amount to build a liquefied natural gas export facility, according to Narendra Kumar Verma, managing director of the overseas investment unit of India's largest explorer, Oil & Natural Gas Corp. The group is seeking a return of about 18 percent, and Indian companies are willing to buy all the gas exported from the project, Verma said. **For full [article](#)**

Bajaj, KTM to expand presence of Husqvarna bikes by 2018

Husqvarna, one of the oldest motorcycle brands in the world, will be made in India by Bajaj Auto. The move to induct Bajaj Auto into the manufacturing programmes for Husqvarna bikes comes after premium KTM bikes made by the Indian company have made deep inroads in the developed as well as emerging markets, especially India. **Full [article](#)**

Coal India to generate 1 GW clean energy

State miner Coal India will generate one gigawatt (GW) power from renewable energy during the current fiscal as part of its plan to produce around 10 GW power overall from renewable, Union Coal, Power and Renewable Energy Minister Piyush Goyal said. This is a contribution towards a better planet, towards greening the country and greening the world," Goyal said, while releasing the first part of a report 'Pathways to Integrate 175 Gigawatts of Renewable Energy into India's Electricity Grid' at an event here. **For full [article](#)**

India's Healthcare Portal

The National Health Portal is an authentic and dynamic information source which can effectively be used by any treatment seeker/potential medical tourist from across the globe. At present, the portal covers accredited medical facilities which include medical centres, Ayurveda & Wellness centres and special category centre. Facilities are located in Tier cities and the rest are in Tier II cities. The Healthcare Portal can be seen at <http://www.indiahealthcaretourism.com/>

Duty Free Tariff Preference Scheme (DFTP) of Government of India

India announced the DFTP Scheme for Least Developed Countries (LDCs) in the year 2008. In order to expand trade with Africa, India amended its Duty Free Tariff Preference (DFTP) scheme to cover around 96 per cent of the tariff lines in April 2014. Only 1.8% tariff lines are under the exclusion list. Duty Free and Positive Lists cover about 98.2% of global exports of LDCs. Tanzania was the first LDC in Africa to convey its intention to join DFTP in June 2008. All formalities for the Scheme were completed and notified in 2009. Details of the DFTP Scheme are available on the following links:
